

School Council Minutes 3/10/22

Anti-Bullying focus

- Each class given their notebook so that they can write down any suggestions etc from their class
- Each class given the Anti-bullying charter and child friendly anti-bullying policy which we discussed
- Council members to bring them back to their classes and share with the children in their class this week. They also need to make sure that they are being displayed in class so that they can be used regularly.
- Members reported that bins are not being used properly due to wasps. Do we need more bins? Do they need to be emptied more often?
- For next week:
 - Council Members – Make sure they have shared the above and talk to classes about any problems they have at the moment. They will write them in their books and bring them back next week. They will also come up with some ideas for anti-bullying week.
 - Mrs Perrett – find out dates for anti-bullying week and share with council. Display Anti- Bullying Charter in and out of school. Speak to Mrs Holt about a display. Talk to Mr Sullivan about bins.
